### Australian Border Force – Enabling Legislation

Dear Valued Client,

ADM Global has been made aware that the Australia Government has announced changes to the immigration and border protection portfolio in relation to future border protection arrangements.

From the 1<sup>st</sup> of July 2015, the Department of Immigration and Border Protection and the Australian Customs and Border Protection Service will be consolidated into a single Department of Immigration and Border Protection. At this time, the Australian Border Force, a single frontline operational border agency, will be established within the department.

Please refer to the attached information guide from the Australian government for further information regarding the changes to this legislation.

Should you have any questions please do not hesitate to contact your Customer Service or Business Development Manager.

Yours faithfully,
