U.S. East Coast Port Congestion Surcharge - UPDATE

Dear Client

Relating to the ADM Global notice sent on the 21st advising of possible strike action taking place at ports on the East Coast of the U.S. from the 30th of December:

It seems likely now that an agreement between the Maritime Alliance and the International Longshoremen's Association will not be reached by the 30th December deadline.

In anticipation of the coming strike, Shipping Lines have decided to introduce the proposed Port Congestion Surcharge.

The Surcharge will apply to all ocean cargo coming in to, and out of, the East Coast ports under the International Longshoremen's Association's control, including: New York/New Jersey, Houston, Boston, Baltimore and Savannah.

The Port Congestions Surcharge will be charged as follows:

USD 800 per 20' container

USD 1000 per 40' container

USD 1125 per 40' High Cube container

ADM Global will continue to monitor the situation and will update you as more news comes to hand. Should you have any questions please do not hesitate to contact your account representative.

Yours faithfully,
