### Fremantle Port Strikes - UPDATE

Dear Client

Further to the newsletter on 7<sup>th</sup> December relating to Fremantle Port strikes:

Despite Fremantle Ports' best efforts to avoid an MUA sanctioned strike, discussions between the two parties has broken down and the proposed strike will now proceed – albeit 1 week later than originally proposed..

The strike will now run over 6 days, starting today and finishing Sunday 23<sup>rd</sup> December at 5:30am.

Fremantle Ports is still working with the MUA to stop this industrial action.

The strike will cause a backlog of containerised cargo at Fremantle port.

As Fremantle port acts as 'first stop' on many shipping routes to Australia, this backlog could delay the arrival of these vessels into all other main ports in Australia.

ADM Global will keep you updated as further news comes to hand.

Should you have any questions please do not hesitate to contact your account representative.

Yours faithfully,
