### Possible U.S. East Coast Port Strike

Dear Client

Yesterday talks between the the International Longshoremen's Association and employers represented by the U.S. Maritime Alliance (USMX) broke down, resulting in the USEC labour unions threatening to strike on December 30<sup>th</sup>.

If the strike goes ahead, ocean cargo movements into, and out of, ports on the East Coast of the U.S. could be delayed.

ADM Global will continue to monitor the situation and will update you as more news comes to hand.

Should you have any questions please do not hesitate to contact your account representative.

Yours faithfully,
